UPDATE ON NEGOTIATIONS

Today, the Judicial Review hearing of the High Court took place virtually before Justice Ramcharan whereby the Association challenged the Special Tribunal's decision to make a 10-year award for the outstanding wage negotiations, that is, from 2014-2023 even though the periods under dispute were 2014-2016 and 2017-2019.

As you may recall, the General Council of the Association voted with a 77% majority at a Special General Council Meeting held on 22nd June 2023 thereby instructing the Association to file for Judicial Review of the Special Tribunal's decision.

During that Judicial Review hearing today, our legal team, led by Senior Counsel Douglas Mendes, presented strong legal arguments which challenged the Special Tribunal's decision to make an award for ten (10) years even though only six (6) years were under dispute.

Justice Ramcharan's written judgment is scheduled to be delivered on April 8th, 2024.

Please note that the dispute at the Special Tribunal is stayed pending the outcome of these Judicial Review proceedings.

We thank you for your continued support as we seek a just and fair outcome in the best interest of all public officers.
